About

I am an adaptable designer with 3 years of experience encompassing both web and industrial design. I offer a distinctive blend of digital interface expertise and physical product skills. I have a proven track record of delivering high-quality, creative solutions for diverse clients through freelancing. I am currently seeking an entry to mid-level design position.

Experience

2024-Present, Missoula MT

Head of Design - Founder, Luke Smith Design

I deliver work for freelance clients and ensure our services are in alignment with the company goals and requirements. I've led the design and development of many brands, websites, and products.

Main Skills Used:

Front End Development, Product Design, Web Design, Brand Design

2023-Present, Missoula MT

Full Stack Developer - Designer, Upward Thought

I ensure the firm's website is up to standard. If changes need to be made, I conduct the development of those changes. I led the creation of the brand and identity.

Main Skills Used:

Full Stack Development, Web Design

2022-2024, Missoula MT

Junior Software Engineer, Prime Labs, MS

My main responsibility was to design, develop, and maintain the commercial website. In addition, I led the design and development of many features in the product, including table filtration, pagination, and sort by functionality that responded to any dynamic change in the users data.

Main Skills Used:

Full Stack Development, Product Design, Web Design

Technologies

Figma
