## About

I am an adaptable designer with 4 years of experience of web and industrial design. I offer a distinctive blend of digital interface expertise and physical product skills. I have a proven track record of delivering high-quality, creative solutions for diverse clients. I am currently seeking a mid to senior-level web design position.

## Experience

### **Head of Design, Flowglanz**

June 2025 - Present, Missoula MT

As head of design, I lead the creation of high quality work for our clients. I lead many types of projects, including brand, graphic, web, and frontend development projects.

Skills Used:

Web Design, Brand Design, Frontend Development

### **Founder, Northpoint Design**

August 2024 - Present, Missoula MT

I deliver work for clients and ensure our services are in alignment with the company goals and requirements. We've led the design and development of many brands, websites, and products.

Skills Used:

Industrial Design, Web Design, Brand Design

### **Design Intern, Underdog Labs**

May 2025 - July 2025, Missoula MT

My responsibility was to design all the visual assets as well as websites needed for the founders' client work. I have designed and developed the website, and design work directly for clients.

Skills Used:

Front End Development, Marketing, Web Design, Brand Design

### **Frontend Developer/Designer, Upward Thought**

May 2023 - April 2025, Missoula MT

I ensured the firm's website was up to standard. If changes needed to be made to the visual/frontend side of the website, I conducted the development of those changes. Additionally, I led the creation of the brand and identity.

Main Skills Used:

Full Stack Development, Web Design

## **Junior Software Engineer, Prime Labs, Inc.**

May 2022 - March 2024, Missoula MT

My main responsibility was to design, develop, and maintain the commercial website. In addition, I led the design and development of many features in the product, including a unique and revolutionary table filtration, pagination, and sort by system that responded to any dynamic change in the users data.

Main Skills Used:

Full Stack Development, Product Design, Web Design
